

Technical drawing of the top view of a rotating platform (Figure 1-10). The drawing shows a square base with a central circular hole. Dimensions are given in millimeters. The outer square has a side length of 337.7 mm. The central hole has a diameter of 169.2 mm. There are four mounting holes, each with a diameter of 13.0 mm, arranged in a square pattern with a side length of 195.0 mm. The distance from the center of the platform to the center of each mounting hole is 137.0 mm. The distance from the center of the platform to the center of each mounting hole is 220.0 mm. The text "旋转云台孔位" (Rotating Platform Hole Position) is written in red.
